

Business Internet

First-class Internet service that powers your business and extends your network

EATEL's fiber-based, high-speed Business Internet service is the answer to your connectivity needs. With this service, our fiber optic network boosts your Internet upload and download speeds up to 1 Gigabyte per second. EATEL's Business Internet is your direct line to first-class Internet service, and is as fast as you need it to be.

How can EATEL's Business Internet power my business?

- Packages to suit your business demands
- Speeds ranging from 2Mbps to 1Gbps download and upload speeds
- Fiber dependability
- High bandwidth capabilities
- Connectivity for more robust applications and solutions
- Optional static IP packages
